PUBLIC WORKS SECRETARIAT.

Dated Bangalore, 12 January 1927.

From

J. BHORE, Esq., A.M.I.C.E., etc.,

Secretary to Government,
Public Works Department,
Bangalore.

PDS 36-26-1

GEN. & REV. SECTN. 12 JAN 1927 G. D. SECTION.

To

P. G. D'Souza, Esq., B.A., B.L.,

Chief Secretary to Government,

Bangalore.

Sir,

With reference to G.O.No.G.6728-30/P & S. 60-24-4 dated the 3rd March 1925, sanctioning for a further period of 2 years, the printing work of the Mysore Engineers' Association, being carried out at the Government Press, debiting the cost to this office contingencies, I have the honour to forward herewith a copy of letter No.742 dated the 23rd December 1926, received from the President of the above Association, requesting that the same concession may kindly be continued for a further period of two years, as the present financial condition of the institution does not enable it to meet the said charges.

2. In view of the useful work that is being done by the Association which conduces to the improvement of the members of the Association who are mostly officers of the different technical Departments, viz., Public Works, Electrical, Railway, Industries and Commerce Department, etc., I strongly recommend that the concession asked for may kindly be sanctioned by Government for a further period of 2 years.

I have the honour to be,

S i r,

Your most obedient servant,

J. Bhore 11.1.27

Secretary to Government,

Letter No.742 dated the 23rd December 1926, from th President, Mysore Engineers' Association, Bangalore, to the Secretary to Government, Public Works Department, Bangalore.

I have the honour to state that Government in their order No.G.6728-30/P & S.60-24-4 dated the 3rd March 1926, graciously sanctioned the free printing of the publications, etc., of the Mysore Engineers' Association for a further period of two years and this will expire in May 1927

The Association is highly thankful to the continued encouragement it has been receiving at the hands of Government which has enabled it to function as a very useful Institution. The quarterly Bulletin which is a unique feature of this Association is being regularly issued. This contains generally articles from members of the profession both in Government employ and outside. By its strenous work, the Association has been able to attnact to its roll eminent Engineers such as Mr.H.M.A.Cooke, O.B.E., of the Kolar Gold Fields and Professor Catterson-Smith of the Indian Institute of Science. The Professional Institutions of British India, Ceylon, Australia, Canada and the United States have also sought exchange of the publications of the Association with theirs

The finances of the Association are not yet so good as to meet the extra cost of printing these publications which amounts to Rs.800/- annually.

The Committee therefore beg to approach the Government with a request that the concession of free printing at the Government Press may be continued for a further period of two years.

"C o p y."

Secretary to Government,
P.W.Department.

HRR/11th.
